Lieut. Colonel Allen W. Ginder  
Headquarters, U.S. Military Academy  
West Point, New York

Dear Colonel Ginder:

Confirming our telephone conversation this date, Admiral Hillenkoetter is delighted with the arrangements being made in connection with the lecture which he will present at the Military Academy on 4 February 1948.

He will speak on the subject of "National Intelligence", and he sees no objection to having the officers' ladies present for the lecture itself, but it may be necessary to curtail or decline answers to certain questions during the questioning period.

The Admiral is most appreciative for your providing automobile transportation for him between New York City and West Point. He will be staying at the Ritz-Carlton Hotel (Madison & 46th Streets) and will await a ring to his room from whoever is to call for him between 2:15 and 2:30 the afternoon of the 4th. Departure from West Point for New York City about 3:15 that evening will fit in the Admiral's schedule very nicely.

With many thanks for your courtesies,

Sincerely,

1/20
